Tenders not accompanied by the Earnest Money deposit shall be rejected.

The Earnest Money Deposit of the unsuccessful tenderer/s will be refunded to them within 60 days from the date of decision regarding acceptance of the tender.

## **7. EVALUATION OF TENDERS**

Decision regarding acceptance of the tender will be taken on the basis of lowest unit cost of the equipment and also on the fulfillment of required specifications and other conditions of KHDC Ltd.

## **8. RIGHT OF ACCEPTANCE**

The Corporation reserves the right to accept / reject any or all the tenders without assigning any reason/s thereof.

...3

... 3 ...

## **9. PLACE OF DELIVERY, INSTALLATION, COMMISSIONING & DEMONSTRATION**

The place of delivery, installation and commissioning is at our unit situated at GADAG,RANEBENNUR,KOPPAL & BANHATTI.

## **10. PERIOD OF DELIVERY (Delivery Schedule)**

The tenderer shall deliver the equipments F.O.R. Destination within 30 days from the date of receipt of confirmed orders. Tenderers will also be required to supervise the final assembly of the equipment at the site and give working tests as well as pre-sale / after-sale service.

## **11. SECURITY DEPOSIT**

The successful tenderer shall offer security deposit in the form of crossed Demand draft drawn on any Bank payable at Bangalore for 5% of the tender value within 30 days from the date of receipt of the intimation of acceptance. The successful tenderer shall furnish the security deposit within 30 days from the date of receipt of the letter of acceptance and shall execute an agreement in person. If the successful tenderer fails to furnish the security deposit and execute the agreement, his EMD shall be forfeited on the following events:

- i)** Failure to supply machineries and spares in time.
- ii)** Non-supply of machineries and spares as per specification.
- iii)** The working condition of the machines and spares are un-satisfactory.

Further the tenderer will also be liable to be disqualified from tendering for further supplies to the Corporation. The Security Deposit is for the due fulfillment of all the Terms and Conditions of the tender by the successful tenderer. The said

Security Deposit shall be with the Corporation for a period of 6 months after commissioning of the equipment. The Earnest Money Deposit of the successful tenderer will be released and taken to his account as part of the Security Deposit.

## **12. VALIDITY PERIOD**

The tender shall be valid for a period of 120 days from the date of Opening of the tender.

## **13. PRICES**

**i)** Prices shall be quoted on the basis of F.O.R. Destination and Including Taxes /Duties and Erection/Commissioning Charges. Prices should be firm and free from all escalations and they shall be valid for a period of 120 days from the last date fixed for receipt of tenders.

...4

... 4 ...

**ii)** Sales tax, Surcharges, Octroi, Excise Duties and other taxes if any shall be indicated separately for each item.

**iii)** Tenderers shall clearly state the address of their representative for the purpose of future correspondence regarding maintenance, after sale service of the machinery etc. They shall also clearly confirm that they have a qualified representative.

**iv)** In case of any item or spare part which is not manufactured by the tenderer himself and which he has obtained from some other manufacturer, tenderer should state the name of the manufacturer of such item or spare part with his full address, brand name etc to facilitate the Corporation to procure spare parts required for the machines at a later date. The spare parts supplied should confirm to the same specifications and performance prescribed for the main machine.

## **14. OTHER INFORMATION**

The tenderer should furnish in his tender, information whether he has supplied/fabricated/installed similar items as specified in the tender for others and if so, their full address, details of previous supply with certificate.

## **15. GUARANTEE**

The Tenderer shall guarantee that all materials, equipments/ machineries, structures, workmanship and any other things under this tender shall be new and free from defects in design, materials workmanship and

- a.**The tenderer should guarantee successful operation of all the equipments/machinery.
- b.**The tenderer shall be required to correct any defects which may appear/occur in the equipments within a period of six months of working.

- c.**The defective parts if any noticed during erection/ commissioning/ during operation shall be supplied at free of charges at site. Further, the tenderer shall pay all charges incurred in connection with the transportation of parts for replacement from the place of origin to the site.
- d.**The Tenderer should guarantee that the equipments supplied under this tender, is properly installed by the Tenderer or under the supervision of the Tenderers' Erecting Supervisor.
- e.**In the event of the Tenderer failing to undertake necessary steps to repair or replace defective parts within a reasonable time after receiving notice from the Corporation or any defects in the machine or failure of equipment / machine to conform to the specifications, the Corporation may proceed to undertake the repair or replacement of such defective parts at the Tenderer's risk and all expenses shall be borne by the tenderer.

...5

... 5 ...

- f.**If the tenderer fails to supply the machinery in time, the Corporation reserves the right to place orders with the next lowest tenderer and the difference in the costs and losses should be borne by the Tenderer.

The Tenderer would be held responsible in case if the machine is not giving required production as mentioned in their specification in the normal working condition.

## **16. INVOICES**

- a.**Three copies of the invoices shall be prepared in the tenderers' commercial invoice forms unless otherwise instructed. All invoices shall bear a certificate that the equipment etc., covered by the invoice have passed the tenderers' tests and inspection and that it conforms in every respect to the agreed specifications and further that and it is packed in accordance with the Corporation's packing requirements.
- b.**Insurance coverage shall be arranged at the tenderers' cost commencing from the tenderers' ware house/works to the project site, till such time the equipment is commissioned and handed over to the Corporation. The Insurance coverage shall be such as to allow complete replacement for any item or part which is lost or damaged.
- c.**The following documents shall be sent to the consignee:
  - 1. Original copy of the road transport receipt;
  - 2. Copy of the invoice of the consignment;
  - 3. Packing lists showing the individual documents and the weight of the packages;
  - 4. Insurance report;

5. Drawings or sketches showing outside dimensions so that movements can be planned before consignment arrive;

#### **17. INSPECTION TESTS**

The Corporation or its authorized representative and or its Engineers shall have the right to examine or inspect the tenderers works, any machinery, material structures, equipment, workmanship, labour and other things supplied or used by the tenderer under this tender and to reject which is defective or unsuitable for the use and purpose intended or which is not in accordance with the indent of the tender.

#### **18. PERFORMANCE TESTS & TAKING OVER**

The Corporation has the right to put the equipment/machinery for performance test for about 10 to 15 days after commissioning of equipment before issuing a taking over certificate for successful commissioning of the machinery.

...6

... 6 ...

#### **19. LIQUIDATED DAMAGES FOR DELAY IN DELIVERY**

If the successful tenderer fails to comply with any of the terms and conditions of the tender entered into by him with the Corporation, he shall be liable to pay to the corporation liquidated damages of a sum equivalent to 2% per month of the value of the delayed unit or units or part thereof for the period of the delay or any part thereof in order to compensate the delay.

#### **20. PAYMENT TERMS**

Payment of the price of the equipment purchased here under shall be made by the purchaser in the following manner:

- (i) 70% of the purchase order value will be paid upon receipt of the goods at site.
- (ii) 25% of the purchase order value of the Tender will be paid after erection, commissioning and issual of the taking over certificate.
- (iii) Balance 5% of the purchase order value retained as security deposit for satisfactory performance of the equipments for a period of 12 months from the date of erection & commissioning. Or the tenderer may also indicate the terms of payment, if any.

#### **21. SUPERVISION**

Supervision during assembly, erection at site, pre-sales, after sales service and training of personnel if any should be clearly mentioned in the tender:

- i)** As the rates mentioned in the schedule to the tender are F.O.R. Destination. Tenderer will deliver the equipment free of transportation charges, at the site.( Including loading and unloading charges)

**ii)** The Tenderer shall depute his representative to supervise the erection or assembly of the machine / equipment and for giving field test before handing over the machine/equipment.

**iii)** The Tenderer shall depute one expert to train the field staff in operation, for maintenance and repairs of the equipment and help in carrying out any adjustment, repairs, overhaul to the equipment etc., for a period of 7 working days from the date of trial production.

**iv)** The above service include, pre-sale service to be rendered before the apparatus is delivered and commissioned, after-sale services to be rendered after the apparatus is delivered and commissioned and during the period of guarantee and service to be rendered after the expiry of the guarantee period by the Contractor. The Contractors shall be bound to render all services, supervision, maintenance and provision of training contemplated herein to be best satisfactory of the Corporation or Corporation's Inspector(s). **...7**

**... 7 ...**

**v)** The above service include, pre-sale service to be rendered before the apparatus is delivered and commissioned after-sale services to be rendered after the apparatus is delivered and commissioned and during the period of guarantee and service to be rendered after the expiry of the guarantee period by the Contractor. The Contractors shall be bound to render all services, supervision, maintenance and provision of training contemplated herein to the best satisfactory of the Corporation or Corporation's Inspector(s).

## **22. SPARE PARTS**

The Tenderer shall provide a list of spare parts and tools for proper maintenance and operation of machines for a period of one year following the commissioning of the whole supply giving full particulars of the spare parts and tools with the price of each item separately. The price of each spare part shall be quoted on F.O.R. destination basis.
